## Introduction of Corporation

**VERITAS Technologies Ltd. (VTL)** is one of the leading consultancy, construction, and DIFE (Department of Inspection & Factory Establishment of Peoples Republic of Bangladesh) enlisted developer firm in Bangladesh, working in those services relate to design, construction, manpower supply, safety, compliance and improvement of Quality Health Safety, Environment, Social Accountability and including conformity assessment services, such as verification of quality of materials, equipment and assets, safety of installations, environmental protection and social accountability of businesses as well as verification, assessment, design, drawing, safety assessment of structural Integrity for seismic vulnerability, electrical and fire issues. We had launched business from the year 2008 as proprietorship firm and 2013 partnership firm later on we had registered as a private limited company in the year 2017 as a sister concern of Veritas Group. **VTL** is an independent, objective oriented and committed team of highly qualified Structure, Fire & Electrical Engineers dedicated to set a benchmark in the professional field. We are playing a pioneer role in providing engineering solutions with excellence in our country. We are always innovative and maintain quality in order to meet the needs of our clients as well as our ethical value.

**VTL** also performs consulting for aspects related to asset integrity management, including risk based assessment, corrosion management, life-cycle evaluations, RAM analysis and maintenance solution advisory.

Our firm fully recognizes the importance of protecting the National ecosystem, minimizing our environmental footprint and reducing the use of natural resources by offering and encouraging business solutions in ways that support responsible and sustainable development. **VTL** is committed to continuous improvement of its environmental performance to minimize its impact on the environment and we are encouraging our employees and business partners to do the same.

We develop solutions to assist clients in managing and mitigating risk on large infrastructure projects. This ultimately contributes to enhanced project performance through improved overall quality, reduction in project delays and the minimization of re-work. Through our technical and regulatory expertise, **VTL** adds value to every client engagement and often, through the conformity assessment process, our services represent a maximization of the years of operational life of a given facility.

We have our own Engineering team, who are able to make flexible and readily adjustment to any structural design, assessment and evaluation for the Structural, Fire and Electrical safety issues, as per Standard of Bangladesh National Building Code (**BNBC**), **ACI** Code, National Fire Protection Authority (**NFPA**), **NI** (National Initiative by **ILO & DIFE**), Alliance and ACCORD. We have a huge experience in audit, assessment and detail with seismic vulnerability assessment of R.C.C and Steel Structures in Industrial & Commercial Sector.

## **Our Vision**

- ◆ Our main goal is to set a benchmark in the professional field.
- ◆ To play a pioneer role in providing Engineering solutions with excellence.
- ◆ Always committed to be innovative and maintain quality in order to meet the needs of our clients.
- ◆ To be caring and trustworthy for our stakeholders like our clients, employees and society in general.

## **Our Mission**

- ◆ To provide International standard services using best talents from home and abroad.
- ◆ To provide peerless services regarding engineering solutions as per our clients' desires.
- ◆ We are committed to work professionally and ethically with our honorable clients delivering quality services for the development of viable successful and sustainable projects.
- ◆ We are committed to develop high-end technology solutions with constant innovation, continuous Improvement and value added services.
- ◆ To develop and deliver value system to the clients with quality and reasonable cost with a focus on rapid progress.

## **Our Specialization**

We have our own team of highly qualified Structural Engineers & Own design section & Lab Facilities.

- Highly experienced & Regular trained up engineering team as per  
BNBC (Bangladesh National Building Code)  
ACI (American Concrete Institution)  
ASTM (American Society for Testing and Materials) &  
NTPA (National Tripartite Plan of Action) for RMG Guideline.
- Having huge working experience in Structural, Electrical and Fire Assessment & Detail Structural Assessment works as per RMG Guideline, BNBC, NFPA & NTPA standard.
- Having modern test instrument for NDT/SDT test as below
- Having modern test instrument for Electrical Test as below
- Professional workmanship.

## Incorporation

**VERITAS Technologies Ltd. (VTL)** is a wholly owned subsidiary of **VERITAS Group**. The company was registered in Joint Stock Company (**VERITAS Technologies Ltd.**) as a Limited Entity in **WHOLLY OWNED SUBSIDIARY** of **VERITAS GROUP**. Subsequently it's other sister concerns are:

❑ **VERITAS Technologies Ltd. (VTL)**

(BCIC, BEPZA, DIFE Enlistments with Outsourcing manpower supply Licenses)

❑ **VERITAS Engineering & Consultant (VEC) (ILO Enlisted)**

❑ **VERITAS DEVELOPMENT & CONSULTANT LTD.**

❑ **OPTIMUM Living Ltd. (REHAB MEMBER)**

❑ **TOTO POWER Engineering** (DIFE - enlisted firm)

### Our Achievement:

**VERITAS** is one of the leading supply, safety audit, consultancy & Construction firms in Bangladesh working in industrial, commercial and residential sectors especially in Ready Made Garments (RMG) sector since last decade. **VEC** has been accomplished & successfully completed a project for the assessment of Structural integrity, Electrical and Fire safety of RMG sector, under the National Initiative (**NI**) supported by **International Labour Organization (ILO) & (DIFE of Inspection for Factories and Establishments) Peoples Republic of Bangladesh Government Department**. In this project, over **1900+** safety assessments, **2100+ CAP** Follow up & **725 CAP Validation** have been successfully completed, which is the highest number of assessment completed by a single enterprise in Bangladesh.

**VEC** has successfully completed a large number new building design more than **300+, (200+ ACCORD, ALLIANCE & DIFE)** of Detailed Engineering Assessment (**DEA**), **80+ Energy Audit, (CAP)** management for structural integrity, fire and electrical safety and **(50+)** Construction Project in Industrial, Commercial & Residential Sector.

**We** has been accomplished & successfully completed a project Hazrat shahjalal international Airport Expansion Project (**Airport terminal 3**) under **JINSUNG RMC LTD**. Our scope of work is Design, Supply, Installation, Testing & Commissioning of Lightning Protection System (**LPS**), **Earthing** System, Overhead Cable Channel, Full **Electrical System, Fire Sprinkler and Hydrant System** for the construction of batching plant of HSIA Expansion Project.

Now we are working architectural works (clay brick masonry, plastering and screeding) at **S09-agargaon station**, Structural work at S03, S06, S10 at cp-04 for construction of viaducts and elevated stations between utara north and pallabi (contract no. cp-03) between pallabi and agargaon (contract no. cp-04) for mrt line 6 ,and Structural Works\_ Construction of Concourse Slab at **S13-Shahbag Station**, architectural works **S16- Motijheel Station** at CP-06 Dhaka mass rapid transit development project.

Our scope of work Architectural Works (Clay Brick Masonry, Plastering and Screeding) at S09-Agargaon Station, S16-Motijheel Station for the construction of MRT LINE 6 of DHAKA MASS RAPID TRANSIT DEVELOPMENT PROJECT.
- ❑ Structural Works\_ Construction of Concourse Slab at S13-Shahbag Station at CP-06 Dhaka mass rapid transit development project.

## **Experience/Achievements Other Than RMG Sector**

**VERITAS Technologies Ltd. (VTL)** has successfully completed structural and Architectural Planning, Design, Drawing & Construction of various types of RCC and Steel structures of the following authorities:

- DHAKA MASS RAPID TRANSIT DEVELOPMENT PROJECT
- Hazrat Shahjalal International Airport Expansion Project (Airport terminal 3)
- Trading Corporation of Bangladesh.
- BIRDEM (Diabetic Association of Bangladesh)
- Bangladesh Chemical Industries Corporation (BCIC)
- Water Development board of Bangladesh.
- Bangladesh Export processing Zone Authority.
- Supplier audit for Garments and Textile industries.
- Khulna City Corporation
- The City Bank Ltd.
- Rupayan Group
- Palmol Group
- Vision Group
- Labib Group
- KDS Group
- SINHA Group
- Noman Group
- Olympic Group

## **VTL Consistent Service area**

- Detail Engineering Assessment (DEA).
- Preliminary Assessment on Structural Integrity, Electrical & Fire Safety.
- Energy Efficiency Audit.
- Corrective Action Plan (CAP) management of Accord, Alliance & DIFE
- Fire prevention & protection system design Installation.
- Complete electrical solution for new & existing building.
- Consultancy of GREEN factories for LEED certified under USGBC
- Architectural, Structural & Plumbing design of R.C.C & Steel Structures.
- Construction & Supervision of R.C.C. & Steel Structures
- Design, Drawing & installation for lightning protection system (LPS), SLD, ELD
- All kind of Electrical testing (Thermal, Insulation, Earth resistance etc.)
- All kind of Structural NDT/SDT-Ferrosan , Hammer, UPV, Core cutting & Soil Test.
- Outsourcing manpower supply
- Environmental & Social Impact Assessment
- Pile Load Test (PLT), Pile Integrity Test (PIT)

### ➤ **Testing :**

- ❑ All Kind of Testing for amending RCC Building & electrical safety.
- Semi Destructive Test (SDT) i.e. Core cutting,
- Non Destructive Test (NDT) i.e. Ultra pulse Velocity (UPV)
- Ferro Scanning of Column, Beam and Slab for Rebar Detection
- Rebar test (Tensile strength test)
- Thermal & Insulation test
- Pile Load Test (PLT)
- Pile Integrity Test (PIT)
- Soil test
